SETUP YOUR VR WIFI

1

From the home screen, select the **QUICK SETTINGS ICON** in the navigation bar.

2

Select **Wi-Fi** on the left side of the pop up menu.

3

Using the joystick, scroll through the networks & use the index trigger button to select **YOUR DESIRED NETWORK**.

4

A keyboard will pop up & you can type in your network password. Select **CONNECT** when you are finished.

5

Select **DONE** and your wifi setup will be COMPLETE.
